

San Diego's most prompt and reliable service

Western Fastener has been serving San Diego industry since 1958 with dependable wholesale distribution services. When you need reliable, on-time delivery of screws, nuts, washers, and electronic parts or specialty items, count on a local friend – Western Fastener.

Broad range of fasteners and electronic parts

Western Fastener has over ten thousand square feet of warehouse space stocked with a wide variety of fasteners and electronic parts available for immediate delivery by our truck or UPS shipment.

Customized parts replenishment programs

Western Fastener began providing computerized replenishment services in 1973. We use fully integrated software created especially to help us manage our JIT supply programs. Designed for flexibility and clarity, our programs can help almost any OEM improve efficiency and profitability. Please ask us for details.

Special kitting and packaging

Let Western Fastener pre-package special quantity or multi-part kits so you don't have to.
